LEARN TO EVALUATE OPPORTUNITIES

with real-time guidance through Online Coaching.

Enhance your learning experience with Online Coaching, included in our Level 2 Support package. You can drop in and listen live to our veteran coaches as they discuss what’s happening in the market and analyze various trading strategies.

As you listen, you can send in your questions for the coaches to answer live and hear their responses to questions asked by other participating students. Online Coaching sessions will improve your ability to analyze trades and help you develop the confidence you need to make timely trading decisions.

MASTER IMPORTANT CONCEPTS

with live training from coaches in our Trading Rooms.

Every week, our coaches explore up to a dozen different topics in our live Trading Rooms via webcasts. Trading Rooms are also included in Level 2 Support, and each covers a different course topic and ends with an interactive question-and-answer session, so you and other students can get further explanation as you need it. Browse the schedule at investools.com and sit in on the Trading Rooms that are most relevant to what you’re learning.

- Get in-depth training from knowledgeable Investools coaches.
- Develop a greater understanding of concepts you’re learning in the courses.
- Ask questions during the live chat question-and-answer session.
- Participate in as many Trading Rooms as you want for the courses you own.
- Look up specific topics anytime in the Trading Room archives.
