

# One-to-One Coaching

## WHY SHOULD I RECEIVE COACHING?

### Get help when you need it most

Coaching is the perfect complement to your investment education, providing you with the support of knowledgeable and experienced investment coaches via phone, e-mail, Live Chat and Web access.

### Enjoy access to a team of experts

You will get access to a small team of coaches that understand you and your objectives so you always have access to the help you need. They'll assist you to design and implement a customized investment trading system.

### Move at your own pace

You can go through materials at the right pace for you, receiving the level of assistance required to ensure your individual success. You decide what you need and when you need it.

### Invest in your future

Access to personal coaches who understand investing and actively follow the market is invaluable. That's why it's no surprise that coaching is one of our most popular and satisfying programs.

## WHAT WILL I LEARN?

- How to create an educational plan that is your road map to successful lifelong investing
- How to make an investing plan that will build the confidence you need to invest on your own
- Exactly what you need, with unlimited personal interaction on demand
- Expanded investing knowledge that helps you reach your investment goals

## WHAT'S INCLUDED?

- Access to a team of professional coaches
- Personalized education and investing plan
- State-of-the-art, Web-based tools
- Access to an online community of instructors and other student investors
- Control of when, where and how you learn
